

INVENTOR TO AUTOCAD EXPORTER

Inventor to AutoCAD Exporter is a data exchange tool to export your Inventor 3d model to AutoCAD with all metadata and geometry maintained

FEATURES & BENEFITS

- Convert all your Inventor parts and assemblies to native AutoCAD blocks and nested blocks.
- Export based on your desired level of details and coordinate system to obtain the required orientation inside AutoCAD
- Export models with parameter and material information and maintain the same in AutoCAD
- Instantiate your parts and maintain the hierarchy inside AutoCAD
- Obtain Non-triangulated Solid geometry
- Transfer all colours and properties as well
- Exclude materials and Ignore Hierarchy grouping while importing and map or customize the geometry type of the importing components
- Simplify your models with the user-friendly interface combined with easy operation to assist novice and experienced designers alike
